Covid-19 Vaccine Reality Check

Even as we move closer to the end of the coronavirus pandemic, there remain concerns and misconceptions about vaccines, masking and guidelines for safely interacting. This is particularly important for those working in real estate. With that in mind, the *HAR On the Move* podcast welcomes back vaccine scientist **Dr. Maria Elena Bottazzi** with Baylor College of Medicine and Texas Children's Hospital. Dr. Bottazzi cuts through the clutter and helps us understand the facts.

Each Wednesday, *HAR on the Move* covers a variety of topics that are beneficial to all HAR members.
